

THE LIBERATION OF EDUCATION

**VIRTUAL CONFERENCE &
NATIONAL OPEN HOUSE**

ABOUT US

The Liberation of Education is a movement to provide parents with a wide array of actionable educational choices which lead children to healthy and positive lives.

Traditional education is not for every child. For many children, the public education system is developmentally devastating.

Our mission is to make sure every parent/child has access to an adequate childhood education that is suitable for their developmental needs.

WHAT DO WE DO?

- Connect parents with a multitude of alternative education options so that they may choose the best fit for their child.
- Connect teachers within public education to alternative avenues for teaching so that they may better serve the children they are affecting.

THE LOE NATIONAL OPEN HOUSE

UNLEASHING MINDS & INSPIRING FUTURES

The Liberation of Education National Open House is a transformative event that will help redefine our national educational landscape. Our Open House is a celebration of learning, innovation, and empowerment, inviting students, parents, and educators to explore the boundless possibilities within the realm of education.

Participating in our National Open House is an excellent opportunity for your school. Here's why!

National Exposure: Reach parents, students, educators, and communities nationwide. Showcase your school's uniqueness, driving awareness of your innovative education methods and philosophy.

Boost Enrollment: Increase awareness of your exceptional learning environment within your community. Inspire families near you to explore educational alternatives.

Be a Trailblazer: Be a part of the movement toward student-centered and experiential learning, a beacon for change in the educational landscape.

Get involved in the Liberation of Education National Open House, fill out our registration form and we'll reach out to you with more information!
